QUALITY, EUROPEAN FORAZÉ STAINLESS STEEL SINKWARE.

We present you this range from one of Europe's largest and most respected sink manufacturers. This sinkware has been designed to suit the most demanding lifestyles here in New Zealand, and to satisfy the imagination of our leading architects and designers.

We use the highest 18/10 stainless steel so you can be assured your sink will require minimum attention to maintain that long-lasting sparkle and beauty. With 18/10 stainless steel, you get a heavy, strong, durable sink that includes 18% chromium and 10% nickel.

No matter which Forazé sink you choose you'll find it backed by our life-time peace of mind guarantee, another reason why New Zealand's leading architects and designers specify the Forazé promise.

Take your time, specify - we're confident you'll find a Forazé sink to suit your requirements today.
